

ILB

INTERDISCIPLINARY LEARNING BUILDING

Opening
Spring
2024

WORKFORCE

Funded by the OU College of Medicine under The Health Resources & Services Administration (HRSA) TRU-OK Grant, the ILB is intended to improve interprofessional workforce development for all University of Oklahoma Health Sciences Center learners.

HEALTH OUTCOMES

According to the World Health Organization, Interprofessional education (IPE) occurs when students from two or more professions learn about, from, and with each other to enable effective collaboration and improve health outcomes. The ILB will provide IPE learning experiences focused on health disparities of Oklahoma.

ILB SERVICES

Interprofessional Simulations

Small Classrooms

Team Meeting Spaces

Collaborative Work Spaces

Administrative Offices

BELONGING

Strategic initiatives include:

- Develop curriculum strategies related to fostering collaboration
- Provide infrastructure to foster collaboration
- Foster community engagement
- Reinforce collaborative language

RESEARCH

Evaluation and assessment of educational and health outcomes is tracked using a complex Evaluation Plan. The primary tool utilized is the Jefferson Team Observation Guide (JTOG)©. Research data and analysis is available through the Office of Interdisciplinary Programs.
